First Anniversary for Scooters at St. Elizabeth Hospital

First anniversary of the use of scooters by nursing personnel in St. Elizabeth Hospital was marked this week with announcement by hospital authorities that the personnel transporters have proved highly successful in expediting movement throughout hospital corridors.

Use of the scooters, on a trial basis, began Nov. 23, 1964, on suggestion of Robert Edmonds, an industrial engineer at Granite City Steel Co. and a member of the hospital's Citizens' Advisory Board. Only one scooter was placed in use to see if they would work out.

As the "transporters," as they are called by the hospital, proved highly useful in getting nurses and their staffers to their patients quicker, others were added and the hospital now has a fleet of nine personnel transporters and one larger one to carry supplies. Every hospital floor except obstetrics, has at least one scooter in use.

The idea has gained widespread interest. Articles also have been published in the American Journal of Nursing, Steel Facts, City News-Record, Hospital Progress, Medical Tribune and Hospital Topics.

In addition, several hundred letters have been received indicating that stories, similar to the one initially published in the Press-Record, were printed in at least 42 newspapers.

Many of the letters came from foreign countries including Germany, Ireland, Sweden, Canada,

FLEET OF HOSPITAL scooters is lined up to mark the first anniversary of use of the battery-driven transporters to expedite personnel movement. In front row, left to right—Sister Mary Thomas, hospital administrator; Robert Edmonds, advisory board member who initiated the idea of using scooters; and Mrs. Doris McFain, RN. Others in the picture are Mrs. Frances Robbers, RN; Mrs. Edna Wallace, RN; Sister Mary Francis; Mrs. Mary Krause, LPN; Mrs. Helen Wardlow, CPN, and Roberta Gerke, RN.

Nigeria, France and Italy. One of the most recent letters received by Edmonds was from a ten-year-old Italian boy who asked the hospital to send him a scooter to help him carry his school books.

Sister Mary Thomas, hospital administrator, told the youngster in her answer that she didn't think she could convince the doctors, nurses and employees to give up something which has become so much a part of St. Elizabeth Hospital.

Missionary to Speak At Trinity Methodist

The Rev. Eym M. Adams, who has served 10 years as a missionary to Japan and has returned to the United States on a year's furlough, will be guest speaker, Sunday, Nov. 28 at 7 p.m. at Trinity Methodist Church, East 24th and Henry streets, the pastor, Rev. Clair Clark, has announced.

The Rev. Adams is the founder and a principal executive of an extensive radio evangelism and Christian nature ministry in Northern Japan.

HARD USE of battery driven scooters at St. Elizabeth Hospital put a crack in the motor casing of this vehicle, examined here by Sister Mary Thomas, hospital administrator, and Robert Edmonds, advisory board member, whose suggestion led to use of the scooters.

Venice Mystery—1966 Sports Car Burned

Venice police are attempting to solve the mystery of the burning of a new 1966 model sports car on the County road at 2-a.m. Police said they received a call that a car was alive and upon investigation found the vehicle completely in flames. The Venice fire department was called to extinguish the blaze.

Police said after the fire was extinguished, a gasoline can was found on the front floor, evidence that the car might have been doused in gasoline and set afire. A brick was lying on a front fender and police said it appeared a brick had been used to beat and damage the other fenders on the car before it was burned. The car bore a Missouri license, and Missouri police units were asked to check its ownership.

C. of C. Leader Urges Teamwork For Area Progress

Community team work by civic leaders, city and school administrators and Quad-Cityans in all walks of life, is needed to solve mutual problems which may impede area progress, Carl E. Mathias, president of the Tri-Cities Chamber of Commerce, told Granite City Optimists at their weekly luncheon meeting Thursday in the YMCA.

He was accompanied by Ferd Goewert, C. of C. executive director. Twenty-seven members attended.

Mathias, who recently began his second term as Chamber president, urged closer cooperative action in all facets of community life. He stressed the need to acquire better arterial streets and highways, additional school construction, elimination of drainage problems and improvements in business establishments.

He emphasized to Optimist members that the area's future growth and bright potential can only reach reality through cooperative efforts. The guest speaker was introduced by Don Z. Farrington, program chairman.

In a club business session, Edward L. Stone, president, announced the cancellation of this week's regular meeting due to the Thanksgiving Day holiday. He said the following Thursday, Irvin Slate, a local attorney, will present a program on the dangers of indiscriminate wiretapping.

Also to be featured is a Granite City high school choral group under the direction of Warren Simpkins, vocal music instructor. Stone reported that he and his wife and Mr. and Mrs. Earl Roach would attend the Optimist District conference held last weekend in Springfield.

Voorhees-Rupp Nuptials Saturday at Bride's Home

Fall flowers enhanced the home of Mr. and Mrs. Fred L. Rupp, 85 Oaklawn drive, for the wedding Saturday afternoon of their daughter, Miss Marilyn Kaye Rupp, and Michael Lee Voorhees, a son of Mr. and Mrs. Gerald Voorhees, 3246 Wilshire drive.

The ceremony took place at 2 o'clock before the fireplace entwined with greenery. The mantel held a center bouquet flanked at either side with crescent-shaped arrangements of chrysanthemum and blue carnations accented with orchid flowers. The Rev. J. Boyd Wolverton of the First Assembly of God church officiated.

Before the fireplace and at either side of a kneeling bench

were ferns in tall standards. The same colors were used in the dining room where the reception took place. The table held the wedding cake surrounded with small bouquets and an arrangement of the same flowers was on the buffet.

The bride wore a classic style gown of pearly satin and re-embroidered Alencon lace. The rounded neckline and the back of the empire fashioned bodice were outlined with seed-pearled lace and the sleeves were of traditional type with points at the wrists.

Jeweled motifs cascaded down the sides of the A-line skirt and a Watteau panel band formed a cathedral train. A forward headpiece in floral shape with petals of matching pease and lace embellished with seed pearls and sequins was attached to a multi-tiered bouffant veil of French bridal illusion.

The bride held a cascade bouquet of stephanotis and ivy centered with a white orchid.

The only attendants were Miss Carolyn Starling and William Logan. Miss Starling was attired in a floor-length apple green sheath gown. She carried a bouquet of blue carnations with apple green leaves and matching ribbon streamers.

The newlyweds will be at home after Nov. 24 at 2915 Madison avenue.

The former Miss Rupp attended Horton Watkins high school. She will be employed after Dec. 1 in the bookkeeping department of the First Granite City National Bank.

Mr. Voorhees attended the local schools, St. Louis University and Eastern Illinois University where he became a member of Delta Chapter of Phi Sigma Epsilon fraternity.

ENGAGED. Miss Nancy Ann Turpenoff, whose parents, Mr. and Mrs. V. B. Turpenoff, 2537 State street, are announcing her betrothal to the son of Mr. and Mrs. Walter E. Gasparovic, Jr., 2252 Adams street.

Miss Turpenoff Is Engaged

Mr. and Mrs. V. B. Turpenoff, 2537 State street, are announcing the engagement of their daughter, Miss Nancy Ann Turpenoff.

Miss Linda King is Bride Of Richard Gibbs Saturday

In a candlelight ceremony Saturday evening Miss Linda Dede King, became the bride of Richard A. Gibbs before the altar of First Baptist Church adorned with pink gladiolus and greenery.

The Rev. John Ambury officiated at the 6 o'clock service and a reception followed at the Veterans of Foreign Wars Hall.

The bride, daughter of Mr. and Mrs. Thomas King, 2537 Denver street, was attired in a gown of imported cut velvet satin embellished at the rounded neckline of the molded bodice, the tapered sleeves and at the graceful sweep with hand-sewn pearls and crystal beads.

A bouffant veil of illusion was secured with a jeweled tiara of crystal plects and pearls and the bride carried a bouquet of gardenias and ivy. She was escorted by her father down the white-carpeted aisle to the flowered love-gates surrounding the altar.

Preceding the former Miss King and her father were three bridesmaids, Karen Reynolds, Kathy Coe and Mary Lee Lewis, and a junior maid, Melanie King, the bride's younger sister.

They wore gowns made with fern green velvet bodices featuring rounded necklines and wrist-length sleeves, and A-line skirts of palest pink crepe. The ensemble was detailed with flat satin bows and chiffon petal roses.

The matron of honor, Mrs. Jackie Uherick, a sister of the bride, wore a gown similar to the other attendants with the exception of the bodice which was a deep shade of Burgundy.

Her bouquet matched those of the other attendants. They were a procession of mums. All of the attendants wore crowns of pink tulle and cascade veils of pink tulle.

Christopher Uherick, a nephew of the bride, carried the rings on a white linen pillow festooned with ribbon, ruffles of eyelid and jiloes of the valley. Laurel Gibbs, a sister of the bridegroom, was

flower girl. Her frock was of pink velvet and she held a nosegay of pink and white mums.

The bridegroom, a son of Mr. and Mrs. Claude Gibbs, 2545 Angela drive, had as his best man Don Dillard, and groomsmen included Don Crawford, Warren Markell, and Norman Wood. John Louer and Joe Wahl served as ushers. Misses Marsha and Sheila Gibbs, sisters of the bridegroom, lighted the candles.

For her daughter's wedding Mrs. King wore an embroidered chiffon dress of sea foam green and matching accessories, while the bridegroom's mother chose a suit of celery green complemented with deeper green accessories. Both had original corsages.

A program of organ music was played by Mrs. Frances Baiding who accompanied the soloist, Mrs. June Branding, as she sang "Always" and "Because".

A buffet supper was served at the reception and the bride and groom left later for a trip to an undisclosed destination. They will be at home after Dec. 1 at 2321 Dewey avenue.

Hirings, Annexations, One-Way Streets Current Big Topics for City Council

The fourth installment of the council - mayor disagreement over the hiring of two men as replacements for the street department is anticipated this evening at the 8 o'clock Granite City council session.

Also still pending is the proposed annexation of 117 acres requested by Arthur McFarland and associates for a subdivision, duplex dwelling, apartment and shopping area development east of Holiday Gardens.

Four individual requests for annexation submitted to house-holders in the Dream Villa area are under consideration.

Recommendations are to be made by the City Plan Commission for the individual annexations and also for an amendment in the subdivision control ordinance to require sidewalks in new areas. The Plan Commission already has recommended the annexation of the 117-acre tract,

but several aldermen are objecting to zoning changes which are close to R-1 residential developments.

One-Way Streets
Another big issue which might develop tonight is a continuation of last week's discussion of revisions and extensions for the city's one-way street system. Opposition was voiced by several aldermen to the recommendation made by the Traffic Commission and the city's traffic engineer, and it was indicated the proposal would be given considerable study before being instituted.

Appointment of the citizen-council committee to study Sunday openings of business houses is pending, and the city also is considering adoption of a model ordinance that would permit removal of junk auto off streets

or even on private property. The street department issue, which has been debated extensively during the past three council sessions, may be solved through presentation of a resolution tonight in which the council would authorize the hiring of two men to replace two who left the department through retirement and death.

Mayor Partney has opposed the hiring, saying the street department can get by with 23 men during the winter months. Street Supv. Warfield contends he needs the replacement men, and it was a council motion early this month for Warfield to hire the replacements that brought forth a veto by Partney.

The solution appears to be through adoption of the resolution with the council's Personnel committee to interview applicants and Mayor Partney to make the final selection of the men with the consent of the council.

Lions District Governor Commends Madison Club

Lions District Gov. Vernon K. Heuchert of Worden commended Madison Lions for their active participation in civic affairs and service projects when he addressed local members Thursday evening at the Sportsmen's Club.

The district official, a Granite City Steel Co. employee, was accompanied here on his annual visit by Joseph Naglich, district IG secretary, also of Worden. The latter, a teacher at Madison high school, previously belonged to the local service club. Twenty-eight were present for the dinner session.

A comprehensive briefing on "Lionism" from a state, national and international level was given by Heuchert, who discussed the organization's principal program, which encompasses numerous projects dealing with sight and helping the blind.

He reported a total of 51 clubs now active in District IG, and added that during his term of office he hopes to establish four new Lions groups and encourage existing clubs to increase their membership by five to ten new candidates. Heuchert reported the annual district convention will be held April 17 at the Lewis and Clark restaurant, East Alton.

In an executive board session, following the general meeting, the district board discussed 1965-1966 projects and goals of the Madison Club.

Walter Gaskill, Madison Lions president, announced that seven new members will be initiated in December, leaving three candidates to be recruited to reach a goal of ten. At present, the local club has a total membership of 117. Several future projects were discussed, including a special fund-raising event scheduled for the near future to obtain funds for the Lions-sponsored Khoury baseball league.

Due to the Thanksgiving Day holiday this week, the club voted to hold its next regular meeting on Dec. 2.

Hunters Along Levee Hazard to Residents

Hunters on government property along the Chain of Rocks canal are endangering the lives and property of residents of the area, according to a petition being distributed to keep them away.

Mrs. Toby Anderson, who lives at the end of Rock road at the east side of the canal, claimed that hunters are shooting into yards and driveways, though the rabbit hunting season has not yet started, making it hazardous to go to the mail box. She said no hunting signs are posted on the government land, and when residents complained to government officials, they were referred to the Madison county sheriff.

But Mrs. Anderson said they could get no police protection from the sheriff's office. Sheriff Barney Fraundorf long has complained that he has been unable to obtain a staff large enough to assign patrols in various county areas, especially during the day.

Prather 1-2 In Contests With Shells

Prather opened his basketball season Thursday night against Roxana and came home with one win and two losses. The eighth grade team was the only one to earn a victory, downing the little Shells, 24-23.

The seventh and ninth grades lost, by scores of 41-18 and 48-0 respectively.

Stand Corey and Terry Cross were high scorers on the winning eighth grade team with 14 and 10 points each.

In the seventh grade's tilt, the Chiefs netted only 18 points while allowing 51 to be scored against them. John Ireland and Vergil Keeton accounted for all of the Chiefs' points with 12 and 6 respectively.

Roger Belshee led the Chiefs in the ninth grade game with 19 points, and Dave Nickell was next with 6 points.

Prather held a 26-21 halftime lead in the ninth grade game, but couldn't hit the basket during the third quarter and lost the game. Roxana scored 11 points to Prather's three in that third period of play.

Prather's next game is Tuesday when they host the Edwardsville Cubs.

Opening Day Deer Kill Down From 1964 Figures

Only 1562 deer were killed on Friday, opening day of the Illinois shotgun deer season, compared to the 1964 figure of 2359. The kill was heaviest in the south where 568 were reported bagged. In the north zone 397 were killed and in the central zone, 229 were reported bagged.

Madison's football Trojans, allowed only 232 yards on opponent passes to lead the Midwestern conference in that department.

HONORED GRANITE CITYANS, Bill "Red" Schmitt (left) and Dal Maxwell, take time out during pre-dinner ceremonies at the St. Louis Elks' Sports Celebrity Awards dinner Thursday night. Schmitt won the Elks' outstanding wrestling figure award, and Maxwell was a featured guest.

Presented Wrestling Award

GC's Bill 'Red' Schmitt Honored At Elks Sports Celebrity Dinner

Being cited by a group of people the same night they present awards to such well-known athletes as Bill Bradley, Gary Lane, Len Wilkens, Dick Weber and Charley Johnson is quite an honor, in the opinion of Bill "Red" Schmitt.

Schmitt, Granite City high school wrestling coach, did travel in "fast company" at the St. Louis Elks 16th Annual Sports Celebrity Awards dinner at the Chase-Park Plaza Hotel Thursday night.

Red, as he is mostly known, won the Elks award for the most outstanding figure in wrestling throughout the metropolitan area.

In the 18 years he has worked with and coached Warrior grapplers, Schmitt's athletes have chalked up an amazing record of 200-4 in St. Louis area dual meets. Until the Mehlville match last year, which was team lost by one point, the Warriors had not been beaten by a team in St. Louis area competition since 1956.

The only amateur to win the wrestling award, Schmitt was

"I never dreamed that a high school coach, much less one in wrestling, could ever win an award such as this. I am very happy and thankful. Thank you very much," he said in receiving the silver award at the dinner.

The award came as an added achievement to Schmitt, who coached the Granite City Fighting Warriors to the Illinois state high school wrestling title last year.

The Granite City coach commented to the audience after receiving the award, "I feel I could take on Dick the Bruiser. Bruiser is the reigning 'bad guy' in the St. Louis pro-wrestling scene."

St. Louis Cardinal star Dal Maxwell of Granite City was on hand at the dinner and was introduced as a featured guest.

Bill Bradley, former two-year All-American basketball star at Princeton, was honored as the top sports celebrity in the St. Louis area, and August A. Busch won the award for the top non-participant sports celebrity.

RON YATES (right), former Granite City football player, has been elected as a co-captain for the 1966 season at Illinois College, Jacksonville. As left is co-captain John Sullivan.

Dillon to Start Starting Lineup Up in Air Before Venice Cage Debut

Here it is the night before the season opener and Venice basketball coach Bill Olenford is still trying to figure out his starting lineup.

The Red Devils make their season debut with a non-conference game, hosting Columbia, at 8:15 p.m.

The center spot doesn't take much figuring on Olenford's part. All-MCM conference Percy Dillon has appeared to have nailed down the pivot spot once again.

Richard Essington, another all-conference selection of last year's Venice MCM title winning squad, has received the starting nod for the Columbia. A junior this year, Essington was the team scoring last year with 336 points and a 14.2 average.

Dillon led the Venice squad in scoring with 478 points and 19.1 average for the 25 game season last year.

The big problem, or one of them, lies in Olenford's picking another guard to play with Essington. At present, Greg Puent ('69) and Carmel Lee Chavis ('69) are the most probable starters, but Olenford did not say which one would actually start.

The second decision to be made is at one of the forward spots. Jerome McGone ('67), Johnny Gardner ('69) and Roger Schaller ('67) will all probably see action during the game. But, Olenford hasn't decided which one will start.

"We're coming around, and looking like we're in shape, but you really can't tell until that first game," the cage mentor said.

He went on to relay some information. Columbia, 1-1 on season play so far, beat Valmeyer, 86-64 in overtime Friday night. Valmeyer, the Red Devils second opponent, now has a 2-1 mark. Despite Columbia's two game advantage over the Venice quietest, Olenford feels confident, "We're ready to play basketball," he said.

The Red Devils compiled a 20-5 overall mark last year and a 9-3 league record, on their way to winning the MCM conference title.

Game time is 8:15 p.m. in the Venice high school gymnasium.

Douglas Role in New U.S. Laws

I want to report to you on the unprecedented achievements of this Session of Congress.

In the 10 months of the first session of the 89th Congress, we passed a great backlog of long overdue and much-needed legislation.

I would cite as the major bills passed the Voting Rights Bill, Medicare, Federal Aid to Elementary and Secondary Education, the Higher Education Bill, the Arts and Humanities Bill, the best housing bills in years, the repeal of most of the retail and manufacturer's excise taxes, a new immigration bill, my Economic Development Act, improvements in Social Security, the Clean Air Act, the Water Quality Act and the Highway Beautification Act.

Sponsored Most Major Bills

Not only was I responsible for the passage of these measures because of the great need for them, but also because they are measures which I drafted, have advocated, sponsored or cosponsored for years.

I have always considered that one of my main functions in the Senate was to press for needed and long overdue social legislation. It takes a long time for them to gain public acceptance. And it is also true that when they are finally passed, they have only recently come to recognize their merits try to claim the credit for their passage. Let me give some examples.

ITEM: In 1958 I moved to repeal most of the retail and manufacturer's excise taxes. The amendment was defeated both in the Senate Finance Committee and on the Senate floor. This year, that proposal was passed with almost unanimous support.

ITEM: In 1960, before the Voting Rights Bill was introduced in 1965, my almost identical amendment to provide for Federal Registrars to register Negroes in the South was killed in the Senate. But in 1965, most of the votes against the proposal in 1960 voted for it, and some of them even claimed credit for the idea.

Early Medicare Advocate

ITEM: Twice before, Medicare was beaten. Senator Anderson and I in the Senate drafted many of the provisions of those defeated Medicare bills. This year, Medicare was passed overwhelmingly.

ITEM: In the past, we have found it almost impossible to put through Federal Aid to Education which I have always sponsored and supported. Now it is law.

ITEM: My Area Redevelopment Bill was killed three times, either in the House or by President Eisenhower's veto. But it became law in 1961. This year, my bill to extend and broaden the program was enacted into law, and the Area Redevelopment Act with only a handful of votes against it.

I am therefore doubly delighted with the record of this Congress. These programs are needed to make ours a better society. In addition, I have a sense of personal achievement in having written or sponsored most of these measures during the last years when we were fighting for their general acceptance by both the public and the Congress.

How were we able to do this? There are three reasons.

First, was the public consensus that developed over the years as a result of our educational program and advocacy of these measures. There is no question but that public opinion over-

whelmingly supported these bills. Second, this consensus reflected itself in the election of 1964 when 38 progressive and forward-looking new Democrats replaced conservative Republicans. They were joined by about 30 more Democratic congressmen from the cities and countryside who, together with a handful of progressive Republicans from the East, helped us to break through the partisan political contentment that dominated Congress for years.

Finally, there was the great legislative skill on the part of President Johnson. He was successful not by "arm twisting," as his opponents try to make out, but by persuasion and by attention to the needs and desires of the public. For example, his proposed speech on the Voting Rights Bill, not "arm twisting," lifted that issue above partisan considerations and developed public opinion behind it to such an extraordinary degree that we were able to break the filibuster.

Action Despite Prosperity

There was one unique accomplishment for the 89th Congress. We proved that we could pass a dynamic program of constructive legislation when the country as a whole is very prosperous.

This disproves the view of many political observers that the economic boom has made it impossible to break the inertia that has been building up.

Americans, I am glad to say, are more rational and mature than their critics have been willing to grant.

There is no doubt that the fiscal and monetary policies carried out by the Kennedy and Johnson Administrations have helped to create this prosperity, which has helped so many people and which, incidentally, have helped this program to be enacted.

Sept Month Of Uptrend

We are now in the 58th month of advanced prosperity. We are producing goods and services at the rate of \$174 billion per year, an increase of \$174 billion over 1964 and \$122 billion in 1965. Our purchasing power in 1965 is 14% higher.

This is a real growth rate of 2% in five years—almost the highest in history—almost twice that of the previous years. On a per capita basis it was at least five times as great.

Unemployment has gone down from 5.6% to 4.4%. Weekly earnings in manufacturing have risen from \$80 to \$100. Corporate before taxes have risen from \$50 billion in 1960 to a \$74 billion annual rate. This is a 48% gain.

If the cynics had been right, this tremendous prosperity would have lulled people to sleep and deadened any desire for improvement.

Much Left To Be Done

We should not be content, for there is much left to be done. It became law in 1961. This year, my bill to extend and broaden the program was enacted into law, and the Area Redevelopment Act with only a handful of votes against it.

I am therefore doubly delighted with the record of this Congress. These programs are needed to make ours a better society. In addition, I have a sense of personal achievement in having written or sponsored most of these measures during the last years when we were fighting for their general acceptance by both the public and the Congress.

First, was the public consensus that developed over the years as a result of our educational program and advocacy of these measures. There is no question but that public opinion over-

County Needs Added Tax But Should Act On Assessing, Fiscal Procedures

The Madison County Board of Supervisors took the right step in voting to utilize the two-cent tax rate increase authorized by the Illinois legislature. But comments of some of the dissenting supervisors were pertinent and should be kept in mind as the county utilizes the additional revenue.

As Collinsville Supervisor Killinger noted, procedural improvements recommended by independent auditors of this fall should be put into effect as soon as practical to aid in keeping the county's financial practices and controls up-to-date.

And as Board Member Eble of Wood River pointed out, Madison county badly needs to use only within townships themselves and within communities such as the Quad-Cities—but between the northern, eastern, southern and western sections of the county.

Other than such improvements as these, it is a fact that the county has economized, continued to make savings despite higher costs and rejected a number of businesslike methods. Voters rejection of a larger tax rate proposal last year was not so much a commentary on the county government itself as it was a reflection of the county's public understanding and inadequate campaign efforts.

Residential-Apartment Development Awaiting Final Council Approval

A municipality has every right to assure itself that a major addition, such as the 117-acre residential development currently awaiting final action in Granite City, meets basic standards for attractive design and sound construction. The types of homes planned on the outer perimeter may also be a legitimate topic of study.

Beyond this, we wonder how long an alderman may wish to delay authorization of such a development? While the opposing alderman is not favorably inclined toward apartments in general, the buffer plan for various types of dwellings within the large tract would seem to eliminate valid objections on this score.

Another point worthy of consideration is whether some of the opinion regarding apartments is based on beliefs no longer true. It is true that in some communities that apartments do not attract nearly as large a family, on the average, as might be imagined, and that they do not create unusual traffic problems in comparison with other types of housing.

Apartments are more than a fact of life in the 1960s; they are a real community asset because they offer the residential facilities and services desired by many young couples and families whose children are growing.

Granite City cannot hold back the tide; by blocking apartments it could merely divert growth elsewhere and with it many valued residents and taxpayers.

Stockpile Disposal Law Ignored

By Cong. Leslie Arends

As a member of the House Committee on Armed Services, which has general jurisdiction over our stockpile of critical and strategic materials, I consider the Administration's use of this stockpile to force compliance of private industry to be arbitrary dictates of the government as reprehensible.

And this would be true of such use of stockpile materials in connection with any other producer or user of these materials essential to civilian as well as military production.

Whether the proposed price increase by the aluminum industry is justified is not in issue. What is in issue is the Administration's threat to "dump" 200,000 tons of aluminum on the market from a stockpile simply to force industry to comply with what the government wants.

These materials are in stockpile for national security and defense emergency purposes. By no means the imagination, much less the law, are any of these materials to be either acquired or sold to regulate prices.

On the contrary, the law relating to our stockpiling program makes it emphatically clear that any disposal of these materials at any time shall be only in such manner and for such purpose as to disrupt the free open market.

There are three national stockpiles. Unfortunately, aluminum is an item in the Defense Production Act stockpile not requiring Congressional action for disposal.

In the last session of Congress the Administration requested that Congress transfer to the President the authority to dispose of three stockpiles, including the two under jurisdiction of Congress.

Our Committee on Armed

Fair Trial For Traffic Improvements

The revamping of one-way streets proposed by the Granite City traffic engineer and Traffic Commission admittedly is controversial. But it cannot be fairly tested unless adopted and tried for a reasonable period of time.

No traffic improvement plan could please everyone, but changes recommended so far have been working so well, the city is paying good money to obtain the engineer's advice, and the city is permitting commissioners to devote much time from their busy schedules to the study of local traffic and ways of reducing congestion, expediting the flow of vehicles and improving safety.

Once such programs as the one-way street extensions and changes are put into effect, whatever adjustments may be needed will become evident not only to officials but to the engineer and commission, which undoubtedly would be happy to help pinpoint the difficulty and suggest possible solutions.

Traffic is one of Granite City's chief problems, and the attempt to solve it deserves a fair trial. Perhaps a fuller explanation at this time of the total program being formulated would be helpful in persuading aldermen to give a "green light" to each phase of the improvement program which is presented for council action.

Realistic Look At Downtown Area Important To Whole Community

The Downtown Granite City Shopping Center Association decision to finance a marketing survey of the central business district recognizes that no commercial area can afford to stand pat in the midst of fast-changing population and buying trends.

The fact that the association is not only willing but eager to take a searching, objective look at local advantages and shortcomings, build up hope for downtown stores will have important and significant progress. Effective action will be as important as the survey findings.

With ever-increasing emphasis on varied, high-quality merchandise in attractive surroundings, with convenient services, traffic and parking, the downtown district has a bright future—if the future is not taken for granted. This is important not only to retailers but to the entire community, due to the concentrated tax base downtown and also the role of the commercial nucleus in defining and uplifting a community.

Farsighted Expansion By Paddlers Club

The ambitious expansion being undertaken by the Paddlers Swim Club will substantially increase the recreational facilities for its members, and also enable it to serve a larger number of families, both through part ownership and seasonal membership.

With a second large pool and tennis-volleyball courts installed, additional landscaping carried out and a picnic and play area developed, the private organization will have equipment and grounds equal to or better than those of most bath and tennis clubs in this region.

Last week's mortgage burning ceremony heralded elimination of the debt incurred by the 400 members in establishing the Paddlers project ten years ago, and focused thoughts on the late Mrs. Vera McBride, whose active interest in the swimming pool proposal was probably the principal factor in its success.

As she would have wished, the now firmly established club is looking not to the past but to future services it can provide for its members and the community.

Firm Enforcement Of Liquor Law

The firm action being taken by Granite City law enforcement and court authorities serves no law on tavern operators and the public that the law banning liquor sales to minors is going to be enforced as long as it is on the books. This is the proper course, for the civilization in which we live is only as strong as our respect for our laws.

DEFENDS TROOPERS WHO PROTECTED FAMILIES

The article in the "Outside Observer" last week about the six state troopers, working off-duty hours for a private detective agency, I would like to correct a few of the statements.

1. The writer was "disgusted." Why? Because these men need to supplement their small income to support their families? No, I am not a trooper, but I am proud of them and the work they do. I hope they are all well.

2. The writer said it was morally wrong. How? Moral means the distinction between right and wrong. Is watching a home to be sold for a profit morally wrong? Is it on the books that home wrong? Isn't that what our law enforcement officers are for? Would it have been any different if they had done the same for a pay, would the writer have felt the same way? I don't think so.

3. The writer questioned their intelligence. The writer should read his Nov. 15 letter again and see what constructive thing he gave. These men were hired to do what they did their job through the day. Who are we to say they are stupid?

4. The writer said the troopers were hired to protect innocent persons. The troopers were hired to protect the homes of the state troopers. I am not a trooper, but I am proud of them and the work they do. I hope they are all well.

5. He said they were spying. No, they were not. They were hired to protect the homes of the state troopers. I am not a trooper, but I am proud of them and the work they do. I hope they are all well.

6. He said they were spying. No, they were not. They were hired to protect the homes of the state troopers. I am not a trooper, but I am proud of them and the work they do. I hope they are all well.

A picture "The Romance of Granite City" depicting a romance, elegance and eventual happiness and forgiveness, together with a reel of views of Granite City, was shown at the Washington Theatre for a trial run Monday and was found to be one of the best pictures ever shown here.

The entire production is unusually clear and the scenes depicted are carried out in a manner doing great credit to the principals and "chorus."

Miss Fayth Costley, who is the heroine of the story, makes a beautiful and talented actress, with whom for A. N. Hennen, who plays "elopes" and is "married" Her escape from the clutches of a second story, where she has been sent by her irate father, portrayed by Billy Wing, is accomplished in excellent movie realism. Judge Sewell marries the couple and escapes a threatening from the father through the intervention of the police.

The travel for the newlyweds about Granite City making purchases for their home is equally good. They visit several business places and the interest they show the owners and their busy establishments.

The second reel of pictures shows the new school building, the schools of Granite City, the view of each building and the pupils marching from the school, accompanied by their teachers, make excellent stuff. A fire drill, manual training and other school practice also provide perfect pictures.

Theatre Manager Gray announced that the new production will be shown during the performance Friday and will no doubt prove a great attraction for local people.

25 YEARS AGO

NOV. 22, 1940

Because of widespread juvenile delinquency in Granite City, nearly 30 boys from 10 to 17 years of age have been taken into custody by police for petty thefts in the recent weeks—a group of city, school and YMCA officials met Wednesday to discuss the situation with during the Wilbur A. Trares, before whom wayward boys are arraigned.

Those who sat in the conference room here were Mayor M. E. Kirkpatrick, Chief of Police John Tappel, Supts. A. M. Wilson and Paul Grigsby and Leroy Larsh, general secretary of the "Y."

State institutions are provided for second and third offenders, the group learned, but there is no organizational setup to help the first-timer who is given probation, Mayor Kirkpatrick reported.

"So, we returned from the discussion with the idea of forming some kind of local group to assure responsibility for children out on trial," the mayor said. A local meeting to further this idea will be held soon, and city groups invited to attend.

Air Force Will Fly Gift Packages to Vietnam

In response to an avalanche of items which groups and organizations have collected for distribution to U. S. servicemen in Vietnam, the Air Force has inaugurated a holiday airlift action, called "Christmas Star." It is announced by Department of Defense officials.

Organizations in the two-county metropolitan area collecting gifts for servicemen should contact weekdays, from 8 a.m. to 4 p.m., the Office of Information, Scott AFB, at Alpine 6-4206. Packages conforming to parcel post requirements in terms of contents, packaging, size and weight, must be delivered prior to Dec. 15.

DOD officials emphasize that because of existing limitations, only packages from recognized civic and veteran groups can be accepted. Individuals wishing to donate items, should contact local groups participating in the project.

Organizations are being encouraged to consolidate individual packages in units—containers which can be easily handled for air shipment. Each unit should be marked with the name and city of the donating club; the code name "Christmas Star," and a label identifying contents. Air Force Reserve aircraft will transport the packages within the continental United States to points designated by the Continental Air Command. There, they will be transferred to long-range Air National Guard aircraft for movement to Vietnam, where they will be sent to field commanders for general distribution to their men.

A charge of careless driving was placed against George Moore, 47, St. Louis, after his northbound auto hit the car of Willis Parrott, 47, St. Louis, on Fourth street Sunday morning.

County Zoning Supersedes City's In Fringe Areas

Atty. General William G. Clark ruled last week at Springfield that the county zoning ordinance takes precedence where both a municipality and a county enact zoning ordinances applying to contiguous territory not more than 1 1/2 miles beyond the corporate limits of the municipality.

He also ruled that electors at an annual town meeting now fix the salary of the supervisor of general assistance as well as compensation of the town clerk and town auditors.

County Prisoner Falls, Hospitalized Here

A prisoner held at the Madison County jail without bail on a murder charge collapsed in his cell with a recurrence of an old back ailment Thursday and is being given treatment at St. Elizabeth Hospital here with an around-the-clock guard on duty. He is Dunk Shorter, 36, of Albion, who was placed in traction.

An agreement was reached Friday for a \$15,000 bond pending his trial set for Dec. 6. His attorney said it may be made this week, and deputies will be relieved of their guard assignments.

Calling All Home Makers
By Aaron Friedman
HOW TO MAKE A SMALL ROOM LOOK LARGER

There are many ways you can make small rooms look larger. Wall to wall carpet is one way. It always makes a room seem larger. The use of mirrors or an entire room or an entire wall is another good way.

Another rule is not to overcrowd a small room. Use as few pieces of furniture as possible and use small dimensioned pieces.

Use a love seat instead of a sofa and the love seat should be lightly scaled and not heavy and overstuffed. Use occasional or armless chairs instead of large lounge chairs and keep the size of everything used in the room smaller in proportion.

Needless to say, never use wall paper, carpet or upholstery with large patterns in a small room.

A hand painted or wall paper mural of a landscape or seascape will add third-dimensional depth to a room.

Use a small snack table or two in front of your sofa instead of large cocktail table. Light, bright and airy colors make a room look larger while dark, drab colors make it contract. Heavy draperies should be avoided.

Try using groups of miniature pictures or accessories instead of a large picture.

Perhaps most important of all is the final ensemble and arrangement of the furniture you use. We'll be happy to offer you personal suggestions and help you in any way we can. Come on in and talk over your decorating problems.

So, remember, when shopping, our decorating and sales staff here at Friedman Bros. Furniture Co., Niddergrahns and Deibel Ave. in Granite City, is always ready to serve you. We are open Monday, Thursday and Friday nights until 8:30 p.m., other nights until 5:30 p.m.

Collide in Madison

Two autos were damaged in Madison at 3:23 p.m. Thursday in a collision at 12th street and Madison avenue. Police reported the mishap involved cars driven by Marilyn J. Hilt of 2909 Sunset drive and one driven by Porter W. Carter of 1903 Fourth street. Madison as Miss Hilt was heading north on Madison avenue and Carter was making a left turn onto 12th street.

Bids Called by Venice for New Sewer Extension

Bids for construction of a sewer line in the alley of the first block of State street in Venice were called by the Venice city council Friday night to be opened at 10 a.m. Wednesday, Dec. 1. Bids will be received at the Venice city hall up to the 10 a.m. on Dec. 1.

The construction will consist of an eight-inch line that will connect at Market and State street with the Madison sewer line. Dr. John E. Lee, mayor, told the council that permission must be obtained from Madison to hook the new sewer into the Madison line. The line will serve merchants and new construction along that part of State street lying within Venice.

No estimate on the project has been announced pending receipt of bids. Specifications are available to contractors at Shepard Morgan and Schwaab, consulting engineers for the city.

Other council business Friday night included confirmation by the council of an appointment by Mayor Lee of Leo Davinroy, 1229 Klein street, a city building inspector to succeed Arlie Abbott who resigned in the last council session. Abbott has moved to Bend, Ill.

Davinroy is a carpenter and is employed at the Alton State Hospital. He is a lifelong resident of Venice. The post pays invoice time work and pays \$100 per month.

New Magistrates to Start Jobs in About Two Weeks

Andreas Matosian, 2510 Edison avenue, is to begin his duties as a magistrate in about two weeks and expects to shift between various courts in the third judicial circuit.

Matosian and Thomas Welch, Collinsville attorney, were appointed as additional magistrates last Thursday by the three circuit judges, increasing the number to six.

They will be assigned to relieve the other four magistrates, who have had little time off since their appointments, and specifically will handle probate and mental health hearings and damage suits of up to \$10,000.

Matosian, 28, a 1955 graduate

Jaycees Endorse Park Rink, Center

Granite City Jaycees gave unanimous approval last week to the proposed construction of a \$475,000 ice rink and recreational center to be erected in Wilson Park. The local service club also offered to assist the Citizens' Committee in acquiring the public with facts about the plan and a special bond issue referendum to be held Saturday, Dec. 18.

Affirmative action on the community project was taken at a monthly dinner meeting held in the Grand Cafe, after 30 members heard details on the 118x-205-foot pavilion structure outlined by Irvin Slate, a local attorney and chairman of the committee's speakers' bureau.

Slate told the Jaycees that park district residents will vote on the proposition between 8 a.m. and 6 p.m. Dec. 18, at 3307 Wabash avenue and 2280 State street, with Namekoi road as the dividing line between the two precincts.

Located north of Niedringhaus school, south of Fehling road and east of the Wilson Park office, Slate said cost of building the new center involves an increase estimated at less than 1 1/2% of local tax bills—\$2 or \$3 a year for most families.

He added that with its unusual design, the facility can be utilized for numerous other civic activities, apart from its primary ice skating purpose. Slate mentioned its use for musical entertainment, movies, square dancing and teen dances, retail and auto shows and an outdoor banquet area.

Also addressing the Jaycees was Joseph Barrylak, Madison county state's attorney, who discussed the need for additional revenue by county agencies in order to provide vital services. He stressed the importance of county residents taking greater cognizance of all issues involving Madison county government.

James Burton, Jaycee president, announced the selection of David Walker as "October-Jaycee of the Month." The latest award winner was cited for his accomplishments as project chairman of the first annual teenage Halloween dance, sponsored by the club in cooperation with the YMCA.

Two new members, initiated into the organization, were Dr. Larry Tadlock and a Daniel Hamm. Out-of-town guests were Lyle Wessell and Bob Kettler.

Four Divorce Decrees Granted in Court Here

Four area couples obtained divorces last week in the Granite City division of Madison county circuit court. Decrees were signed by Associate Judge Fred P. Schuman for:

Wilbert Bauer from Grace Bauer, both of Granite City, on a counter complaint. They were married March 2, 1935, and separated March 19, 1964. He charged desertion.

Glenn Moore from Robert E. Moore, both of Granite City. They were married June 28, 1947, divorced in April 1953, and remarried Oct. 17, 1953. She charged cruelty and obtained custody of three children. He was ordered to pay \$60 per week child support.

Patricia Jean Ward from Milburn Arvin Ward, both of Madison. They were married May 16, 1950, and separated last April 9. She charged cruelty and was given custody of two children. He was ordered to pay \$30 per week child support.

On Mayor Lee's suggestion the council instructed Street Supt. Jay Maurer to obtain additional offers for council consideration of different makes, so that bids on a new garbage truck may be called within the next two weeks. Amount of the Key Equipment offer was not disclosed until other offers can be obtained.

Two building permits were approved, one for construction of a one-room addition to property of Herman O'Dell at 7819 Salveer street at a cost of \$1500, and another for construction of a garage costing \$500 by George Tys, 1302 Market street.

Mayor Lee urged council members to work in behalf of the

Madison school bond issue election in that part of Venice that is within the Madison school district. Residents of the district are to vote Dec. 4 on a \$500,000 bond sale for school improvements.
